GMOD Help Desk

Dave Clements
San Diego 2009/01/15

GMOD Help Desk

- GMOD User Survey
- Coming Stuff
 - Natural Diversity in GMOD
 - Meetings and summer schools
 - Documentation / Tutorials / Web Site
 - Packages (Brian O'Connor tomorrow)
 - Delayed tasks
- Help

GMOD User Survey

- October 2008
- 89 Responses
 - 2 T-shirts and 1 Coffee Mug
- Summary
 - http://gmod.org/wiki/2008_GMOD_Community_Survey
- Detailed report
 - <http://gmod.org/wiki>

Natural Diversity

- Chado
 - Natural Diversity Chado module developed for HeliconiusDB
 - Based on GDPDM, used by Gramene, MaizeGenetics.org
 - Get it into Chado production
 - Tweak existing modules? (e.g., phenotype)
- GBrowse
 - Ben Faga working on geolocation glyphs
- NESCent Working Group
- Hackathon?

2009 GMOD Summer School

- Again at NESCent in North Carolina
 - Date to be determined
 - Aimed at new GMOD users
 - Last year's topics
 - GBrowse, Chado, Apollo, CMAP, CAS
 - Send topic requests to help@gmod.org

2009 GMOD Week - Europe

**Course &
Meeting**

**Oxford
3-7 August 2009**

Doc / Web Site

- GBrowse User Tutorial from OpenHelix.com
 - Official release by end of this month
 - Also WormBase, RGD, MGI, SGD, ZFIN, and FlyBase. Funded by NHGRI SBIR grant.
- GMOD for High-Throughput Sequencing
 - Documentation & outreach
- Web site upgrades
 - 1.12, 2008/08: searches & URLs
 - 1.13, 2009/03: maybe a new look

Delayed tasks

- Chado doc reorganization - Not yet
- User directory - Not yet
- GBrowse doc - getting there
- Community Annotation Server doc - nope
- User experience logs - nope
- GMOD logo service - still trying

What should I be doing?

?
