Genome Data inter Faces

- **Serious topic: too much data, too little money**
 - Think GoogleGene will replace our MODs if we don't improve
- **Problems: naming, navigating, finding, formatting, linking**
 - How can MOD Faces better help data consumers?
- **Share experiences, best practices & lessons learned, problems looming**

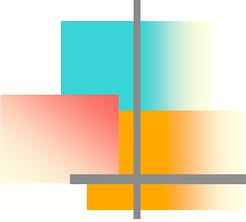

MOD Face Questions

- Search for name of gene, view gene page
- Search for genes that cause a phenotype or GO association
- Custom report on aspects of a gene
- Bulk output from a query
 - Answer with hundreds or thousands of genes
- Combine the results at your MOD with data from other sources

MOD Face Outcomes

- **Discuss**
 - followups on talk details; general at ends
- **Summary report**
 - suited for Pls, agencies, maybe publication
- **Note takers, please (of discussions)**
